**April 2011.**

Well here we are again, another New Year and another issue, how quickly the time flies. I wish everyone luck and hope to hear of wonderful results for the Yorkshire Terrier Breed in 2011.

I would like to say a big "Welcome Back" to Karen Russell, who has taken over the President's position of the club. Fabulous to have you back on board.

Please if you have any information you would like included in the Newsletter drop me an email at [roxyandmissy@bigpond.com](mailto:roxyandmissy@bigpond.com) I appreciate any news that you may have, and look forward to being able to publish it here.

It has been great to work together with the distressing issues we have had to face this year with the "Puppy Scams". United we stand, and I feel that this is the only way to deal with such issues, although my heart breaks for those involved. Please remember to ask the questions when you are dealing with puppy enquiries, as you just never know. Remember also that the list of scammers is available on Dogzonline when you sign in. It is worth a look. Thank you to Josephine Eatts and Colleen Treacy for your work on this issue.

I welcome on board Colleen Treacy from Victoria. Colleen will be assisting me in gathering information for the Newsletter and will also be contributing her "Paw Talk" Diary with the assistance of her beautiful boy Chad the Yorkie ! Colleen has also contacted a special "Yorkie" person in the USA....read on to see Colleen's Interview.

Best of luck to all of you, and all I can say now is "Go the Yorkies !!! "

## **INTERVIEW WITH KRISTEN MCGREGOR**

### **PROFESSIONAL HANDLER**

#### **USA**

**BY COLLEEN TREACY**

**Your first Yorkshire Terrier, can you tell us about them please? Do you have a picture to share?**

**Why did you choose a Yorkshire Terrier ?**

When I was thirteen years old my families loving pet toy poodle passed. My mother decided we needed a new dog but of a different breed to help the family cope with the loss. She decided on a Yorkshire Terrier and found a hobby/show breeder not too far away. We brought home a pretty little male that was not show quality because of his shyness. I loved this little dog and when prompted by his groomer to try him in shows we entered a few. I loved dog shows but my little dog did not. My parents decided to call the same breeder back and inquire about purchasing a show puppy. This breeder had seen me try very hard over the past

year and I ended up purchasing from her a 16 month old dog "Smarty". With Smarty I travelled to France to learn to wrap at the "De Penghibur" kennel from Mme. Marie Terese Gerard and then to shows all over America with a handler. This dog was my best friend for many years until he died at almost 17 years of age.

### **Kirsten's first Yorkshire Terrier FCI AM CAN CH Kirkstan's Tie Tack**

#### **"Smarty"**

#### **What is special about this breed to you?**

The Yorkshire terrier is a very special breed to me. They are smart, independent, affectionate little dogs. I enjoy that they want to be near you but don't have to be on top of you at all time.

#### **Would you share a significant moment/ highlight of your career when handling this breed? When and where? Which Dog was this?**

I've had numerous highlights in my career showing Yorkshire Terriers. Every Best of Breed at Westminster was special. Every specialty win was special. The best in shows were all fantastic. I think my biggest accomplishment thus far is the career of BIS BISS Ch TyAva's Sure Shot, "Chandler". Chandler was a top toy in the US the 2 years he was actively campaigned, 2006 and 2007. Chandler holds the record in the US for number of Specialty wins. He could very well be a once in a career type of dog and I was lucky to have him at the end of my lead.

**("Chandler" is pictured winning Best of Breed at Westminster in the picture above)**

#### **What is important for you in preparation of a Yorkshire Terrier prior to a major show?**

Keeping your Yorkie prepared for shows is not a once a week task. To keep your Yorkie in top condition there is work to be done almost each and every day. The dog must be in good physical condition, have a healthy diet and maintain good weight. You must be constantly working on coat care as well.

#### **Do you have any recommendations for anyone starting out with this breed considering taking their dog/s into the show ring?**

If you are considering showing your Yorkie do a lot of research and get my videos! ;o)

#### **How did you first get involved in showing dogs or handling dogs?**

I decided to handle show dogs as a career because I couldn't imagine what else I would rather do each and every day than play with Yorkies. As I get older other things in life seem to take over but I'm sure I will always have a Yorkie around for the rest of my life.

#### **Do you have any pet Yorkies?**

Right now I have 2 retired champions as pets. One a neutered male that is a son of my first show dog the other a bitch that was a gift to me from Ava Tyree of TyAva Yorkies. Their names are Derby and Kitty and they are my constant companions. I also have a 6 month old son of Kitty that I'm growing up with my fingers crossed!

#### **Do you take your dogs on holidays with you?**

My everyday life involves caring for numerous dogs so when I'm on holiday I using go dog-free.

### **A Grooming tip?**

Never brush a dry coat. Brush through with a leave in conditioner.

### **A Training Tip?**

Practise Practise Practise

### **“PAW TALK”**

#### **By Colleen & Chad**

Have you heard the news? I am now an Australian Champion. Not sure exactly what that means. All I know is that mum got pretty excited at my last show and bought me a whole BBQ chicken for me to eat afterwards.

Recently I have been in the show ring most weekends, and mum has been pretty proud. This dog show business is starting to be much more fun. People like me when I give them that cute look. If I do not like them I stick my tongue out at them especially one judge who I kept poking my tongue at he kept sticking it back in!!

We went to a dog show a couple of weeks ago at the Pet Expo. Did you know that they had cats, rabbits, chickens, cows and snakes as well? A lady came along to say hello and her handbag smelt really nice. Penny distracted her while I tried to get into her handbag. Just my head, mouth and my front paws later, the lady got a bit of a fright and I just fell in!! Well it was not my fault she had a cheese sandwich (my favourite) in her bag. I thought it would make a nice snack. I even shared some with Penny later.

We walked around the doggie food stalls and got to sample lots of treats. The biggest surprise was finding a picture of Jessie on the front of a Natures Gift Liver Treats pack. They were really tasty not sure what Jessie was doing on the front of it. Hope she got paid lots of liver treats as I really like those. Mum took some home for us to have as well. Jessie is our Silky Terrier.

On the way to Bendigo mum was driving and there was a big “BANG” and the car went all over the place. Apparently there had been a lot of water up there which washed away some of the road. Lucky mum had put my seat belt on my car carrier otherwise my topknot would have got all messed up!!

At some point in our lives we decide for various reasons, that we needed a sea change... Take Jessie for example apparently she only moved into this castle when she was seven years old. Before that she resided with Marilyn & John. Now the trick is if you do this all socks are off!! Listen carefully my four pawed friends this is your chance to RULE THE ROOST or your new owners bed whichever you prefer. Tell them what you like, they are not going to know any different. You might even get extra food each day and BBQ Chicken!! Apparently Jessie moved straight into mum's and dad's bed and became an indoor lap dog. I have heard some rumours that was not the case at her previous place of residence.

Penny decided she wanted a sea change as well. Penny was not keen on the life as a show dog. She preferred to roll in the mud, chase the cat and generally run amuck!! She has just moved to a property in east Gippsland and has taken to daily swimming in the dam with her new

friend "Digger". I did not know that a show dog was supposed to swim personally I prefer not to get my feet wet. It is much quieter here without Penny but at least I get the lion's share of the food now. Here are a couple of photos of Penny in her new home... Not sure about this Digger chap but hope he looks after the "wild child" ☹ sobbb sobbb...

Another young lady has also just moved on to a new place of residence, Babe. Apparently she was a much loved puppy of Anky's. Babe apparently was a Kennel dog, and as soon as she moved and took up residence in the house, she moved into their laps, and new owner's bed!! Outside dog well that is that..... A life of luxury for Babe now. No dog food anymore. Try chicken breast and other goodies. I heard that Babe is going for filet steak next!! It's worth a try at least. It is amazing what some of these forever homes are like. However I don't think I would give up my satin sheets for anything. I have it to good here.

By for now CHAD 

## Perpetual Trophies

Some of the Trophies that belong to the club have become and old and dilapidated, so the members have decided at the October/April General Meetings to have some of them refurbished and replaced. This will be an ongoing job, that will take time, and if any of the members would like to donate any of the new trophies that would be greatly appreciated by the club. The trophies can be donated in the name of the Member, Kennel or a Yorkshire Terrier from their Kennel.

In saying that, I would like to remind the members of the responsibilities associated with taking home a perpetual trophy. The trophy book needs to be signed on possession of the trophy and signed off on return. No trophy is to leave without signatures. It is the members responsibility to ensure all care is taken with the trophy once in their possession. It is also the members responsibility to ensure that the engraving is completed, recording their dogs results and at the members expense, not that of the clubs. Prior to returning the trophy it is the members responsibility to clean the trophy for return to the club. If repairs need to be made following refurbishment of the trophy, the member who has signed out the trophy will be responsible for the cost of repair.

It is nice to have these trophies, and they are a fabulous record of the history of our club. The new trophies will have the old results transferred and if no members choose to donate new trophies then the current trophy names will still apply.

Executive YTC NSW.
